She may not be able to love her motherinlaw, but she can, at least, insist that her husband shall show his mother the same love that he showed her before he married. Getting rid of catarrh is an easy matter if you will only use a common sense method. Germs cause catarrh. You know that, Germs cause catarrh. You know that, and you also know that in order to end catarrh you must destroy the germs. Sprays and douches will not kill the germs. Indigestion is the cause of most human ills; lard-which is made from hog-fat-is ofttimes indigestible. Cottolene is more healthful, more wholesome and goes one-third farther than lard-therefore, is more economical.

Being made from pure, vegetable oils, containing no hog-fat, Cottolene makes food which agrees with the stomach and aids rather than retards digestion. Don't be talked into using some of the many imitations.
